DISTRICT ACCIDENTS CLAIM TWO LIVES

Two persons, one a toddler, the other a young mother, died in two separate area accidents this past week. Saturday two-year old Michael Pinske died almost instantly on Gull River Road near Onondaga Camp when the car in which he was riding left the road and rolled over several times. Driver of the car was the child's father, Wilfred G. Pinske, 37, of Mississauga. Another child, Gabriela Pinske, 4, suffered cuts and bruises in the $2,000 accident.
Coroner was Dr. H.E. Good.

Mid-morning Tuesday a head-on collision on Highway 530 at Green Lake claimed the life of Michele Louise Flores, 25, of West Guilford. Mrs. Flores, mother of two, was westbound when her car went out of control, according to police, crossed into the eastbound lane and collided with a car driven by Earl Cephus Pitts, 58, of RR 2, Minden. Mr. Pitts was treated for lacerations at Minden Hospital.
Daughter of well-known contractor Thomas Nunn, Mrs. Flores is survived by her husband Paul and two children age 6 and 7.
Attending coroner was Dr. H.E. Good.

Other district accidents during the week caused more than $10,000 in property damage, injuring six persons.

Gary J. Doncaster, 18, of Toronto was charged with failing to have a driver's license after a crash Saturday on the Essonville Line near Wilberforce when the Doncaster car slid sideways on loose gravel and collided with a vehicle driven by Dale Holland, 19, of Tory Hill. Damage totalled $1,400.
Connie Bowers of Wilberforce, a passenger in the Holland car was treated for a fracture at Haliburton Hospital.

A car driven by Lillian I. Harvey, 78, of Minden, ended up in a ditch on Blairhampton Road, Tuesday, after it went out of control. Mrs. Harvey and passengers Robert Harvey, 79, and Alice Chambers, 46, Minden, all received cuts and bruises in the $500 accident.

Damages also totalled $500 in a Thursday morning accident on Pigeon Lake Road when a car driven by Donald J. Halliday, 19, of Whitby went into the ditch and struck a stump sending Halliday to Minden Hospital with a fracture and cuts.

NO, YOU PADDLE!

A GROUP OF 21 STUDENTS ARE LIVING IN AT THE MINISTRY OF COMMUNITY AND SOCIAL SERVICES OPERATED BARK LAKE CAMP THIS SUMMER WHERE THEY ARE UTILIZING THEIR SPECIAL SKILLS TO IMPROVE THE CAMP SITE AND ASSIST IN THE CAMP COUNSELLOR TRAINING PROGRAM.
THE STUDENTS ARE PARTICIPATING IN A NEW ONTARIO GOVERNMENT $9 MILLION SUMMER EMPLOYMENT PROGRAM CALLED ONTARIO EXPERIENCE '74. IT IS PROVIDING SOME 7,400 SUMMER JOBS ACROSS THE PROVINCE.
THE PROGRAM IS DESIGNED TO GIVE ONTARIO'S YOUNG PEOPLE AN OPPORTUNITY TO PUT THEIR ENTHUSIASM, EDUCATION AND SPECIAL SKILLS TO WORK FOR THEIR COMMUNITIES. CONSISTING OF SOME 20 PROJECTS ACROSS ONTARIO, IT IS COORDINATED BY THE ONTARIO YOUTH SECRETARIAT, SET UP IN JANUARY 1973.
PICTURED ABOVE ARE RICK MEDHURST, TORONTO, ALDO SOLIMANO, MINDEN, TOM CRAIG, KINMOUNT, BRUCE SMITH, NEWMARKET AND JIM DAVIS OF OTTAWA. THESE HIGH-SCHOOL AND UNIVERSITY STUDENTS REPLACE DEFECTIVE WOOD FROM THE CAMP'S CANOES AND ALSO STRETCH NEW CANVAS OVER THE SHELLS.

Rolls vs. Tree

Ouch!

Even acupuncture was of little help after a costly brush between a Rolls Royce and a tree on Highway 35 last Friday morning around 3 am.
The Rolls, driven by Mrs. Yvonne Koval, wife of Dr. Robert Koval, of Minden, sustained some $1,500 damages when it struck a tree while backing off cottage property near Mountain Lake.
In addition to operating an extensive area medical practice, Dr. Koval is a world-travelled acupuncturist.

Bear hazard grows

Hard on the heels of a Ministry of Natural Resources warning to Minden district residents to watch out for black bears, four more were spotted in a 30-hour period last weekend.
Friday afternoon a dead black bear was found in the West Guilford dump. It had been shot in the head.
Friday evening around 9.30 Grant Ploured had to slam on his car brakes to avoid hitting a large black bear as he neared his cottage on Horseshoe Lake.
Then early Saturday evening drivers reported they had been forced to slow down and avoid black bears walking both Highway 121 between Minden and Kinmount and Horseshoe Lake Road.
A week ago Ministry wildlife specialists warned cottagers of bears on Horseshoe Lake Road after two were spotted there, one with a cub.

Boaters chase loons

Natural Resources officials in Minden have promised a crackdown on motorboat operators who chase loons following weekend complaints from the public of loon chases on four lakes near Minden: Gull Lake, Canning, Kashagawigamog and South Beaver.
Loons are protected under the Migratory Birds Contravention Act which carries fines of up to $300.
The loon, one of our most beautiful water birds, adorns our lakes sparingly, his trademark a haunting call.

See LOONS, p. 3.

Boat hits dock

Kashagawigamog Lake was the scene of a near-disaster Sunday at 7 p.m. when a new 14-foot motorboat driven by Mrs. Larry Arsenault of Toronto stuck in full throttle as she was pulling away from a dock.
In avoiding two swimmers, Mrs. Arsenault drove the boat into a dock damaging the windshield, seats and dashboard.
Neither the two swimmers nor Mrs. Arsenault, who was dumped into the water when the boat overturned, were injured.

Fire danger rises

All fire permits have been cancelled in the Minden area on the heels of an extreme fire hazard here that has forced the return of two local fire-fighting crews from Northern Ontario blazes.

See FIRE, p. 19.

HERE and THERE with NORM MAIDENS

For the past month or so I have been promising you some data on the telephone system--how it came into being etc. written by my good friend Lawrence Pritchard. Bill Foote, (owner of the Progress) and I figured it should be done as a feature article and not broken up into two or three installments. So, you'll be getting it as a feature length article. I'm sure you'll find it interesting.

I see there is a gang of young fellows cleaning up the River bank along South Water Street--and about time too. It sure adds to the look of the town, maybe WHIP had something to do with it buts it's worth the time and money spent. Back in 1959 we suggested this work should be done and at that time they said it would be checked out.

Seems like we just get something going then have to write them out. This is what happened with Peter Courtney and his "flea market" He's sold the building, packed in his "fleas" and hit the road. Too bad too because his idea seemed like a good one. ah well maybe Peter will surface somewhere with something else just as good. He's never lost for ideas..

I see by the papers that the Municipality of Anson, Hindon and Minden are revising their former stand on mobile homes. They are going to allow them, under proper supervision and location, to be erected. It's much needed type of building who at this point in time can afford a home at the prices being asked?

Had a nice long talk with Cecil Irwin about water levels etc. and I was amazed to find that the water levels vary from week to week on various lakes up to two feet. Mr. Irwin was wondering about this "shellfish" thing that is appearing on the weather scene. Come to find out he means this 'celsius' image that Barrie has come up with. 75 degrees Fahrienheit is equal to 24 degrees Celsius.

I checked with Phil Graham our official weatherman but he wasn't too sure what the score was. What difference does it make? Barrie hasn't been right about the weather Celsius or otherwise.

One of the best "letters to the Editor" I have read in a long time was written last week by Dan Smith in defence of motorcyclists. They couldn't have a better champion The key in Dan's well-written letter is this--"what is really at fault is not the motorcycle but the rider as is the case with any form of transportation from bicycles to transport trucks.

I gotta admit he's right-- one thing I must Admit I can't equal his ten years of accident-free driving.

I still don't think there's any 10,000 flies in that glass case as claimed by the shell Vapona people-- if there was he'd be up to his tailbone in flies when he comes back into the room after the machine does it's work.

In the restaurant business you have all kinds of problems. Something new has been added and it hits every restaurant that carries the little plastic cream jugs.

The problem? They keep coming up empty. One establishment I was in had forty stuck together in a row and not a drop of cream in any of them.

Milt Hobden tells me there is a large sized wasp-type critter that has a long thin snout and uses it like a hypodermic needle to siphon the cream out of the jugs. Well why not, they see "saucers" down at Howland Jct.

So much for this week. Drive carefully, there are more and more accidents every week-end --deaths and property damage--remember, it CAN and WILL happen to you unless you're careful.

If YOU don't look after your life--no one else will.

New Stamp

OTTAWA - Postmaster General Andre Ouellet today announced the issue of an eight cent stamp commemorating the centenary of the invention of the telephone by Alexander Graham Bell.

The stamp, to be released July 26, depicts three models of telephones: the Gallows Frame, the Pedestal or Daffodil, and the Coutempra Phone, each representing a development in the history of the telephone.

Make V and G your mortgagee

Eighty years of experience in custom-building mortgage loans to fit the purse and the circumstances of thousands of satisfied customers — that's the plus you get when you invite V and G to help you buy or build your home. Or Summer cottage. Or buy your improved farm. Friendly, reliable know how you can depend on — yours today at Victoria and Grey.

UFO's BEYOND REASON

by PETER G. SWEET

WHAT PROMINENT PEOPLE HAVE SAID

15th in Series

What is to me the most revealing government document that has been made public as to the existence of UFO's, is a memo requested by the Commanding General of the Army Air Force, dated September 23, 1947. After a three-month study carried out by the Air Material Command and by its head Lieutenant-General, Nathan F. Twining, this report was forwarded:

1. As requested by AC/AS-2, there is presented below the considered opinion of this Command concerning the so-called 'Flying Discs.' ...This opinion was arrived at in a conference between personnel of the Air Institute of Technology, Intelligence T-2, Office Chief of Engineering Division, and the Aircraft, Power Plant and Propeller Laboratories of Engineering Division T-3.

2. It is the opinion that:

a. The phenomenon reported is something real and not visionary or fictitious.

b. There are objects probably approximating the shape of a disc, of such appreciable size as to appear to be as large as manmade aircraft.

c. There is a possibility that some of the incidents may be caused by natural phenomena such as meteors.

d. The reported operating characteristics such as extreme rates of climb, maneuverability (particularly in roll), and action which must be considered evasive when sighted or contacted by friendly aircraft and radar, lend belief to the possibility that some of the objects are controlled either manually, automatically or remotely.

e. The apparent common description of the objects is as follows:

(1) Metallic or light reflecting surface.

(2) Absence of trail, except in a few instances when the object apparently was operating under high performance conditions.

(3) Circular or elliptical in shape, flat on bottom and domed on top.

(4) Several reports of well kept formation flights varying from three to nine objects.

(5) Normally no associated sound, except in three instances a substantial rumbling roar was heard.

(6) Level flight speeds normally above 300 knots are estimated...

3. It is recommended that: a. Headquarters, Army Air Force issue a directive assigning a priority, security classification and Code Name for a detailed study of this matter...

4. Awaiting a specific directive AMC will continue the investigation within its current resources...

A study was also done of UFO incidents of 1947-48 by the Air Technical Intelligence Command (ATIC) at Dayton, Ohio, which was classified. Their conclusion was that the unidentified flying objects were interplanetary vehicles. The document was presented to the then Chief of Staff, Gen. Hoyt S. Vandenberg. This report was rejected and returned to the investigating body, declaring that the Air Force could not offer such a conclusion to the public without physical proof to back it up. This caused the Dayton Group in 1949 to write a six hundred page report that became known as 'Project Grudge'. This report attempted to prove that UFO sightings were only weather balloons, meteors, and mirages and not until 1951 did the Air Force again become involved in this subject. This newly formed body was called 'project Blue Book' headed by the late Capt. Edward Ruppelt.

In 1955, Dr. Rolf Alexander, a prominent British ufologist, in a conversation with an old friend, Gen. George C. Marshall (U.S. Army Chief of Staff during World War Two) said 'Visitors from outer space are trying to work out a method of breathing and staying alive in our atmosphere before landing and establishing contact'.

In 1965, radio and television personality Arthur Godfrey, flying his twin engine Convair, was approaching Philadelphia, when he was nearly blinded by a bright circular light that appeared off his right wing. Calling the control tower, he was told there were no other aircraft in the area. He could see the outlines of an 'object' through the vivid light. He veered the plane sharply to the left to avoid a possible crash. The light duplicated his maneuver. Being unable to shake off this persuing 'object', a game of tag went on for several minutes until the UFO gave up and flew off. Godfrey told a nationwide audience about this experience saying, 'I was a bit shook up, by the UFO, it stayed right with me no matter what I did'.

Next Week: Continued...What Prominent People Have Said.

GENERAL OFFICE TYPIST

General Office Typist required for District Office in Huntsville. Salary $96.74 Weekly to $113.36 Weekly.

Grade 10 education required, although Grade 12 preferred. Some previous office experience an asset. Successful completion of Civil Service Commission typing test which will be administered if requested to attend a personal interview.

For application forms contact Ministry of Transportation and Communications, Huntsville, Ont. Telephone 789-2391. Completed written applications will be received up to August 9, 1974.

LOONS, from p. 1.

Natural Resources wildlife expert Steve Toole advises boaters who want to observe loons to turn off their motors and drift quietly towards the birds. Chasing after loons at high speeds is not only dangerous to them but highly illegal.

Anyone seeing boaters chasing loons is asked to call Mr. Toole at the Natural Resources office in Minden.

AVOID BEARS

It would appear from reports over the past few weeks that our black bear population is on the move; or at least they are showing their faces a little more than usual, particularly on Horseshoe Lake Road. Here, six bruins have been spotted, one with a cub, along different stretches of the road and in a period of little more than a week.

While bears are a natural and normal part of area wildlife, they can be dangerous if provoked. Visiting vacationers and year round residents alike have been cautioned by the Ministry of Natural Resources. Particularly, parents should warn their children to give black bears a wide bearth.

VIGILANCE

The recent prolonged dry spell has turned the Highlands into a tinderbox. Area bush conditions are described as extremely hazardous, the possibility of forest fires real and imminent.

Most of us need little reminder of the dangers of fire in the bush. Recent pictures and stories of Northern Ontario fires, the worst since the early '60's, emphasize dramatically the danger and cost of forest fires raging out of control.

We must avoid this at all costs here in the Highlands.

It rests on each and everyone of us to be extremely vigilant in every way.

PLAY IT SAFE

This year Haliburton County is experiencing a dramatic and ominous increase in fatal motor vehicle accidents.

During the entire twelve month period in 1973, three persons died as a result of traffic accidents in the County. In just the first 7-1/2 months of 1974, the number of persons killed in such accidents stands at eleven - an increase of over 250 per cent.

Oddly enough, the total number of accidents for corresponding periods of 1973 and 1974 has remained about the same.

Most such accidents seem to occur when cars go out of control at high speed and either flip over or hit rock cuts.

Since county roads and highways have, for the most part, improved over the past year and, since vehicles, if they have changed at all, have become safer than before, it can only be the driver who is at fault in most cases. Seat belts may be lifesavers under certain circumstances, but wearing them doesn't automatically guarantee your safety under any and all circumstances.

Come on you drivers, let's smarten up. Slow down and play it safe.

Now that the grass is growing and you're out in your yard again, it's time for a safety reminder to all of you operating the more than 40 million power lawn mowers in North America.

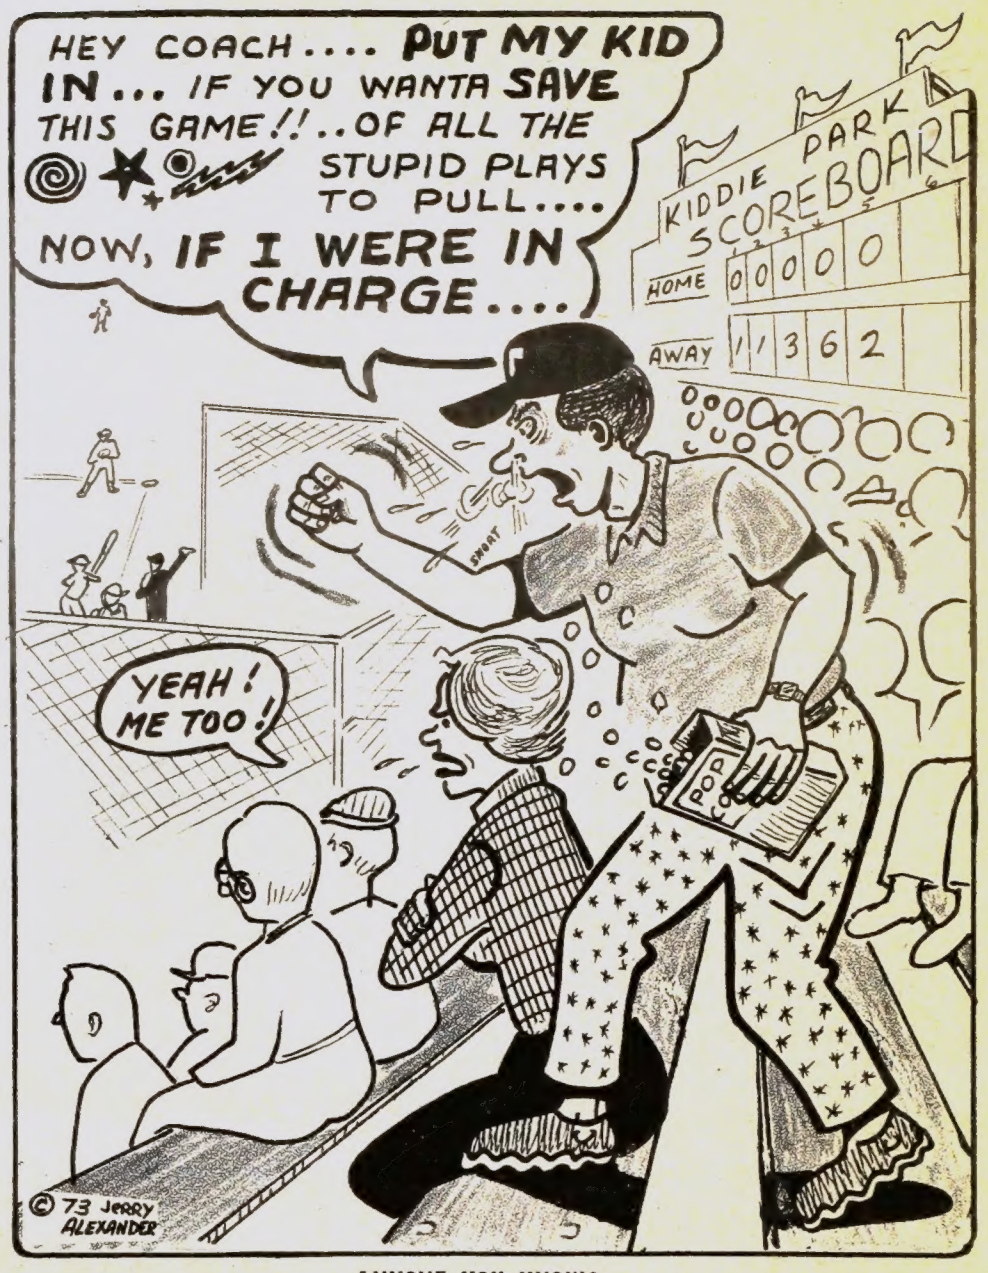
Steep slopes, gravel drives and low hanging trees are three areas requiring particular care, according to the Outdoor Power Equipment Institute. If the slope is too steep, you should even consider replacing the grass with a different type of ground cover.

When walking behind your mower, mow across slopes, not up and down the hill, but when riding on a mower, do the opposite to avoid spills. Watch out for gravel and other objects which can kick out of a mower's blades at great speed and cause serious danger. Disengage a riding mower's blades or shut off a conventional mower's engine before crossing gravel.

A few more tips: wear sturdy shoes, fill the gasoline tank outside before starting the mower, clear the lawn of stones and other foreign objects, keep children and pets away, never leave a running mower unattended and disconnect spark plugs before making mower repairs.

A little care now could help avoid a problem later on from a familiar but possibly hazardous power tool.

Readers' questions are welcome and should be send to Box 5875, London, Ontario.



ANYONE YOU KNOW?

Board of Education

To Visit County Schools

The members of the Haliburton County Board of Education met at the Board Office on July 9, 1974.

They discussed the proposal of having meetings held in schools throughout the County periodically and felt if these meetings were advertised, it would help residents in the area of the local schools to attend Board meetings more easily. It would also give the members of the board an opportunity to observe the facilities of the various schools.

A motion was passed stating that either a visit or a Board meeting be held at least once a year in each of the schools of the County.

Mr. Leonard Salvatori, who attended the Ontario Public School Trustees Convention in Hamilton along with Mrs. Way and Mr. Lloyd Johnson, reported to the other members. He particularly commented on the Committee of the Legislature under the Chairmanship of Dr. McIlveen which has drawn up a report on the utilization of schools during non-school hours.

It seems that some Boards do not have much community use of their schools on evenings or weekends. This led to a discussion of the policy of the Haliburton County Board of Education in this regard some time ago the use of schools by non-profit organizations and groups is encouraged. The Board has allowed the School of Fine Arts to use the facilities of the secondary school for many years for their summer school.

The Art Show is now held in the Senior Elementary School. The Recreation Committee of Anson, Hindon and Minden and the Girl Guides of Minden have been using the Archie Stouffer Elementary School. It is particularly pleasing to the members of the Board that the secondary school is used by various groups almost every night of the week. Any group can apply to the Principal of the school for permission to use its facilities.

The Board has regulations that must be adhered to, such as - no alcohol may be served in he buildings, smoking is allowed only in certain specified areas and there must be a citizen willing to be responsible for the use of these facilities.

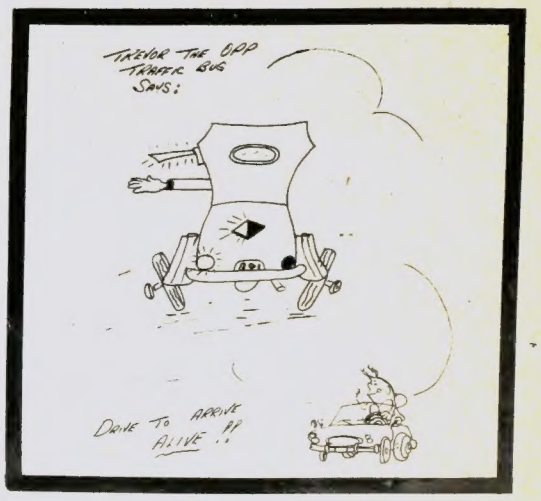
Mrs. Evelyn Gibson gave a report on the meeting that some members of County Council arranged with the Minister of Education through the member of the Legislature, Mr. R. Glen Hodgson. The meeting was held at Queen's Park on June 27th. Board representatives at this meeting were - Mr. H. Lloyd Johnson, Trustee, Anson, Hindon and Minden; Mrs. Evelyn Gibson, Trustee, Stanhope; Mr. J. Douglas Hodgson, Director of Education; Mr. James Leworthy, Business Administrator. Municipal representatives were - Mr. Sinclair Nesbitt, Reeve of Stanhope; Mr. Art Locke, Reeve of Sherborne et al; Mr. Gene Newell, Councillor for Snowdon; Mr. Gerald Bain, Clerk of the Municipality of Stanhope; Mr. Richard Parisotto, Clerk of the Municipality of Anson, Hindon and Minden.

Mrs. Gibson reported that Mr. Nesbitt had a brief which he read to the Minister of Education and Mr. Ed. Joyce, Business Administrator for the Central Ontario Region of the Ministry of Education. The brief asked, among other matters, that Mill Rate Subsidy be continued at the present level until Haliburton County has value assessment as a basis for raising taxes.

It was pointed out that Mill Rate Subsidy was given in 1969 to some municipalities where elementary education costs to the local taxpayer were low in comparison to those of other municipalities. The effect was that the elementary rate was only allowed to increase to a certain level and anything the County Board required from the municipality above that level has been totally paid for by the Government of Ontario. In other words, some municipalities in Haliburton County received no Mill Rate Subsidy and others, because they had not been paying a high level of support when the County Board was established, were given this help. The Ministry of Education has been attempting to put every municipality in the counties of Ontario on Provincial Equalized Assessment, so that everyone would pay at the same mill rate toward the cost of elementary education as they have bben doing for many years for secondary education. As a result, the Government has been lowering the amount of Mill Rate Subsidy to the various municipalities.

At the present time there are 5 municipalities in Haliburton County that would receive this aid - Glamorgan, Lutterworth, Sherborne et al, Snowdon and Stanhope.

Mr. Ed. Joyce pointed out to the Minister of Education that he had told some of this delegation at a meeting held in the Stanhope Council Chambers on the night of June 5, 1974 that he, as a member of the Grants Committee for the Province of Ontario, would present their views on Mill Rate Subsidy. He stated he still intended to make this presentation. The meeting concluded on this point.



CENTENNIAL CORNER

MORE ABOUT HALIBURTON COUNTY PUBLIC LIBRARY

At the time of the commencement of the Haliburton County Public Library in 1965, there were approximately 8,000 uncatalogued books and the services of two branch libraries in the Townships of Dysart and Minden. During that year collections were established by the Townships of Monmouth, Glamorgan, Sherborne, Harcourt, and Cardiff Townsite, and since that time, in Snowdon, Cardiff and Stanhope Townships, as well as expanded services to the High School and 52 public school rooms.

The County now has nine branches, located in the communities of Haliburton, Minden, Wilberforce, Gooderham, Dorset, Highland Grove, Lochlin, Maple Lake and Cardiff Townsite, and a book stock of 23,6000 volumes which rotate regularly. Also available are some 80 films, which are rotated through the Eastern Film Federation, filmstrips, viewing equipment, periodicals and magazines and large print books for those with deficient sight, as well as the use of encyclopedia and other reference books within the library. The County Library System is supported by County and Provincial grants.

HALL'S LAKE NEWS
by Doreen Stinson

Everyone is looking forward to the Big Bazaar which the ladies of St. Stephen's Guild hold each year at Club 35, and which will be held this year on Wednesday afternoon, July 31st starting at 3 p.m. The ladies are noted for their wonderful cooking and also for their home-made quilts and many other items home sewn. Afternoon tea will also be featured. Proceeds go for local church improvements and missionary work, etc.
Mr. Kenneth Martin of the Buck Slides Road has returned home after having had surgery on his leg in the Peterborough Civic Hospital. We wish him all the best.

Mrs. Moore and daughter Lilie of Toronto have been house guests of Miss Marjorie Johnson, and this next week she will have her grand neice and nephew Miss Laurie Alford and grand nephew Master Mike Alford with her. Mrs. Marj. Ferguson's brother, Mr. Leslie Hill from B.C. and wife and family are visiting with her for the month, and her sister from Toronto, Mrs. Bryl Green, is staying for a short time also.

The Arnold Hewitt's are holidaying at their pleasant cottage on the North Shore.
Mr. & Mrs. Richard Fuerth(Nee Carolyn Hewitt) and son Jason of Woodslee, Ontario, have been spending a few days with her mother Mrs. Henry Gibson at Little Hawk Lodge.

Mr & Mrs. Alpeter are in residence at their Hawk Lake cottage and have been entertaining their daughter and her family and several other relatives and friends.

Twenty friends met at "Thislebrae" last Wednesday evening to celebrate Leonard Stinson's birthday. Some Centennial costumes were in evidence much to the delight of the guests.

The Rev. James and Mrs. Roe of Ajax and her sister Miss Helen Stoddart of Indiana have spent a week at William's Villa.
The Penick's have her brother Mr. Cooke and wife staying with them.

Different visitors at various cottages say that Hall's Lake seems cleaner than usual this year. Perhaps the tests and pollution- scare has helped to make people more careful.

The Hawk Lake and Hall's Lake Tourist Association held a successful meeting Sunday afternoon at Camp Kawabi.

Mr. & Mrs. Fred Darlington and Scott are Holidaying at Montgomery's cottage.

O. E. B.

To check on rates

The Ontario Energy Board, presently conducting public hearings on Ontario Hydro's proposed rate increases for 1975, may attempt to measure the impact of those increases.

Addressing the Toronto hearings R.W. Macaulay, the Board's legal counnsel said, "One of the very best ways of getting at some of the impact, is to cross-examine some of the municipalities on their ability to absorb it."

He added that he would attempt to obtain municipal utility opinions on what is likely to happen within the municipality in 'trying to pass on these increased rates.'

Hydro is proposing a 15 per cent increase to municipal utilities and a 16 per cent increase to the direct industrial customers in the province.

Several municipal electrical utilities and the Association of Direct Customers of Ontario Hydro (ADCOH) which represents some 37 major industries have indicated their inability to absorb the rates.

Cancer can be beaten.

THANK YOU!

I WOULD LIKE TO TAKE THIS OPPORTUNITY TO THANK ALL OF YOU WHO WORKED SO HARD TO GET ME RE-ELECTED IN THE RECENT ELECTION CAMPAIGN.

ALSO, I EXTEND MY HEARTFELT THANKS TO ALL WHO VOTED FOR ME. I WILL CONTINUE TO SERVE EVERYONE IN VICTORIA-HALIBURTON TO THE BEST OF MY ABILITY, AS I HAVE ALWAYS DONE IN THE PAST. AGAIN, MANY THANKS.

SINCERELY,

BILL SCOTT, M. P.

HALIBURTON WEST

Part One

by Brian Bannon

As the motorist drives north along Highway 35 through the beautiful scenery of Gull Lake, the towering rock cuts of Miner's Bay and follows the series of lakes through to Sherbourne he can'thelp but be impressed by this vast land of forest and lakes.

But what does the future hold for the West County, the Townships of Anson, Hindon, Minden, Snowden, Stanhope, Lutterworth and Sherbourne. Can they always rely on tourists for their main source of income? Will polution eventually spoil the air and water? And the saddest question: Why are all the young people leaving?

To understand this question of the economic health of the area we must list the potentials and the disadvantages.

The first great potential of the West County is land: the largest part of the seven Townships is privately owned by residents, cottagers, businessmen, or developers. But whereas in a wealthy economy such as Metor Toronto's the ratio of residential to commercial and industrial property is 60% to40%, in the West County it is 90%to 10%. Which means that a far greater tax burden for schools etc. falls on the homeowner. This is the main reason why some experts would classify this area as having an unhealthy economy. It is too dependent on the tourist industry which again is highly dependent on decisions of the Ontario Government's Ministry of Industry and Tourism. For example, the Ontario Government has declared this area a 'greenbelt' which means that prospective industries are not encouraged to settle here.

Thus, the first great disadvantage of the West County is that if this one industry, Tourism, crumbles--we are dead!

Most of the land in the Seven Townships is privately owned and already in use for either living (90%) or commercial(10%) purposes but there lies approximately 153,000 acres mostly in the northern and western Townships of Sherbourn, Hindon and Anson which has never been sold or patented to the public by the Crown. It is presently administered by the Ministry of Natural Resources, in other words the Provincial government. It is this land, two-fifths of the total land in the West County, which is our gratest potential for the future.

Mile after mile of untamed forests: one of the last remaining hardwood reserves left in Ontario, lakes: 34 named lakes, hundreds unnamed ,Wildlife: moose, deer, bear, beaver, ducks, cranes and many, many more. The land is beautiful but dense and often marshy or hilly with many cliffs. The only access to most parts is by water, although the new Vankoughnet Road has opened up a large part of these Crown Lands to interested sportsmen and naturalists.

To those businessmen and politicians in the community who fear that the West County's economy is sick and who believe industrial development is the cure, these rugged Crown Lands represent a "miracle wonder drug", the answer to all problems. Thus arises a conflict. According to the Ministry of Natural Resources branch, Minden, no more Crown Lands in the West County will be sold for cottages or camps. In fact, all 153,000 acres is designated as a preserved wilderness. The Ontario Government feels that since so much of Southern Ontario is becoming over-populated, polluted, and urbanized that this large parcel must be kept unspoiled for future generations.

The aims of the Ministry of Natural Resources are to administer to the maintenence of the area, to survey the lakes and stock them with fish,and to control the fishing and hunting activities. Two ways that Natural Resources makes a financial return are by leasing land-use permits at $20 per year to hunting camps of which there are eighty in the Seven Townships and by licensing lumber concerns to harvest the forests. Only enough trees are cut each year to keep a balanced growth in the forest as a whole. Natural Resources makes about $100,000 per year from these licenses. However, the community benefits from the creation of local jobs in the woodworking industry.

The only hold that the Townships now have on this huge tract of wilderness is the 66-foot strip of land every second concession and every tenth lot for road allowance purposes which belongs by ancient right to the municipalities. Some progressive-minded politicians in the municipal government are asking why the rest of the Crown Land should just sit. Is it possible to do something with this rugged, beautiful landscape? Is it really fair to tie up all those many acres just for the private enjoyment of a few hunters for two weeks each year?

Does the West County have a population, the skilled manpower and the serviced land to attract industry or secondary manufacturing? And will the Provincial government help or hinder us if we decide to promote development? The big question, of course, is about the younger generation who are educated here and want to stay here. This is their home. In order to give them jobs, more jobs have to be created, whether in the tourist industry or in a more diversified economy. Everyone in the West County who has an investment here whether it is a million dollar business or just a small house in town, cannot afford to ignore the future of our economy.

STATISTICS COURTESY MINISTRY OF NATURAL RESOURCES

The Expropriations Act

NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

IN THE MATTER of an application by the Minister of Transportation and Communications for approval to expropriate in the Township of Anson, Hindon and Minden, in the Provisional County of Haliburton, in the Province of Ontario for the purpose of reconstructing and widening King's Highway 35 together with related intersection improvements and grade improvements to King's Highway 121 at its north intersection with King's Highway 35.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing,

(a) in the case of a registered owner, service personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

THE APPROVING AUTHORITY IS

Minister of Transportation and Communications
Parliament Buildings
Toronto 5, Ontario.

Minister of Transportation and Communications
W.G. Wigle, Director,
Right-Of-Way Branch.

NOTES:

1. The Expropriations Act, provides that,

(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

(b) the inquiry officer,

(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and

(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed $200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. 'owner' and 'registered owner' are defined in the Act as follows:

'owner' includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;

'registered owner' means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the Inquiry officer are parties to the inquiry.

SCHEDULE

All right, title and interest in the lands described as follows:

I. In the Township of Anson, Hindon and Minden, (formerly the Township of Minden), in the Provisional County of Haliburton, in the Province of Ontario, being:

1. (a) Part of Lots 5 and 6, East of Teesdale Street, Town Plot of Minden, for the Township of Minden, designated as Part 1

(b) Part of Lot 4, West of Teesdale Street, Town Plot of Minden, for the Township of Minden, designated as Part 2

(c) Part of Lots 1, 2, and 3, East of Seymour Street and Part of Lot 3, West of Teesdale Street, Town Plot of Minden, for the Township of Minden, designated as Part 3

(d) Part of Lots 1, 2, and 3, West of Teesdale Street and Part of Lot 1, East of Seymour Street, Town Plot of Minden, for the Township of Minden, designated as Part 4

(e) Part of Lot 2, Concession 'A', of the Township of Minden, designated as Part 6

on Ministry of Transportation and Communications' Plan P-2904-104 deposited in the Land Registry Office for the Registry Division of Haliburton as Plan 19R-462.

2. (a) Part of Lot 2, Concession 3, of the Township of Minden, designated as Part 3, Subject to the rights of the Municipal Corporation of the Town of Orillia as described in registered instrument number 3315

(b) Part of Lot 2, Concession 3, of the Township of Minden, designated as Part 4, Subject to an Ontario Hydro easement as described in registered instrument number 3924

on Ministry of Transportation and Communications' Plan P-2904-106 deposited in the Land Registry Office for the Registry Division of Haliburton as Plan 19R-464.

3. (a) Part of Lot 1, Concession 2, of the Township of Minden, designated as Part 1

(b) Part of Lot 1, Concession 2, of the Township of Minden designated as Part 2

(c) Part of Lot 1, Concession 2, Part of Lot 4, Concession 'A', and Part of the Road Allowance between Lot 1, Concession 2 and Lot 4, Concession 'A', of the Township of Minden, designated as Part 6

(d) Part of Lot 4, Concession 'A', of the Township of Minden, designated as Part 12

(e) Part of Lot 4, Concession 'A', of the Township of Minden, and Part of Lot 9, East of Bruce Street, Town Plot of Minden, designated as Part 17

on Ministry of Transportation and Communications' Plan P-2904-107 deposited to the Land Registry Office for the Registry Division of Haliburton as Plan 19R-466.

II. 2. In the Township of Anson, Hindon and Minden, (formerly the Township of Anson), in the Provisional County of Haliburton, in the Province of Ontario, being:

(a) Part of Lot 1, Concession 'A' of the Township of Anson, designated as Part 5

on Ministry of Transportation and Communications' Plan P-2904-105, deposited in the Land Registry Office for the Registry Division of Haliburton as Plan 19R-463.

This Notice first published on the 11th day of July, 1974.

Coboconk art display

by. Mrs. Edith Sanders

A display of senior citizens art, by the "New Horizons" sponsored art group of Coboconk will soon be on view in the Old Stone Schoolhouse Art Gallery and Craft Co-operative, located on Green Gables Rd. Moore Falls just off highway 35.
Commencing July 27th untill Aug. 6th afternoon tea or lemonade and cookies will be served from 2:00 to 4:30 p.m. each day. Price is 35¢ with proceeds from the tea donated to the Lion's Club, Coboconk, in support of their new medical center project. Don't miss this show of paintings, for you will be amazed at what this talented group of senior citizens has accomplished in the course of a year.

APPOINTMENT

Hydro ban on new cottages

Vacationers hoping to install hydro power in their new Highlands cottage this summer will just have to wait according to Ontario Hydro which has imposed an embargo on new electrical services for cottages.

The ban resulted from a world shortage of triplex wire, used to make overhead connections from cottages to the roadside hydro supply. According to Ontario Hydro maintenance to existing customers and new services to all-year residents and job-creating industries take priority over summerdwellings. The ban on cottage service is expected to last at least three weeks.

SENIOR SOFTBALL

GULL RIVER AND HALIBURTON SPLIT SERIES

On Monday and Tuesday of this past week, Gull River Buildall and Haliburton Huskies split a home and home series. The Builders won the opener in Minden 8-4 and the Huskies took the return match in Haliburton 5-3. In the first game, the Builders came up with eight runs on ten hits and five walks to win easily and hand Havan Cook of the Huskies his second loss of the season. Rick Hartwick picked up his fourth win of the campaign, allowing four runs on nine hits, four walks and struck out ten. In Haliburton on Tuesday evening, the Builders gave the game away with two costly errors. In the second inning with two out and runners on second and third, Ken Jackson lofted a fly ball to center field. The fly was misjudged by Builder centerfielder George Simmons, allowing two runs to score and put the Huskies up 2-0. The Huskies added to their lead in the third when Gull River's Ted Vasey gave up two walks and two singles plus an error by the Builder infield gave them a 4-0 lead.

The Builders started to come back in the top of the fourth on four straight singles by Cliff Burke, Neil Burk, Bob Austin and Al McMullen. One run was scored leaving the bases loaded for the first of three times in the next four innings. In the fifth, Gull River closed the gap to 4-3 on singles by Ted Vasey, Fred Simmons and Neil Burk. However, that was all she wrote for the Builders as they left fourteen men on base. Haliburton scored their final run in the eighth, when a pick off play at third base ended up in left field.

Gary McKnight picked up the win for Huskies, his third of year giving up eight hits and two walks. Havan Cook relieved Gary in the fourth and gave up two runs on eight hits and three walks and struck out three. Ted Vasey took the loss for Gull River, his first of the season, allowing eight hits and five walks while striking out seven.

DOMINION HOTEL BATTERS VASEY'S

In a game played last week involving first place Dominion Hotel and last place Vasey's Midgets, the Shufflers pounded out twenty-four hits on route to an easy lam basting of the Midgets, 20-30. In three games with the Midgets this year. the Shufflers have collected 75 hits for a total of 62 runs. Craig Morrison led the Dominion attack with four hits and a walk in six trips to the plate. Scored five times and drove in four runs. Murray McGuiness also had a big night with three hits in five at bats, walked once and scored four times as well as driving in two runs.

Jack Snell picked up his eighth victory of the season to go with three losses and a tie. Jack was hot at the plate as well getting three hits in six trips, scored three times and knocked in four runs.

Midget's Barry Shaw suffered the loss, his sixth of the season.

WEST GUILFORD TAKES OVER TOP

The West Guilford Redman came back from a 7-3 deficit to win 8-7 on Sunday over the Haliburton Huskies, the win put the Redmen in first place atop the senior league, two points in front of the Dominion Hotel.

George Nichols slammed his eleventh homer of the year in the seventh inning to close the gap to one run. Bernie Bain then picked up his first homer in a number of years to tie the game in the eighth. This led to the winning run in the ninth inning. Craig Stamp, Floyd Henry and Paul Sisson each singled and Bob Woodcock doubled to win the game.

Wade Stamp picked up his fifth win of the season in relief while Havan Cook suffered his third defeat.

TRACK AND FIELD REPORT

KIRK HEWITT AND PAUL FLEMING ADVANCE TO ONTARIO FINALS

On Sunday, the Haliburton Highland Legion Track & Field Team, representing the Eastern Ontario Track League travelled to Kingston for a track meet.

In this meet two of our local boys qualified for the All-Ontario Track and Field Championships next Sunday in Ottawa. Kirk Hewitt and Paul Fleming will represent their track club at this meet.

In Kingston on Sunday, Paul Fleming took 2nd in the triple jump with a leap of 12.37 meters and also had a second in the Long jump of 5.67 meters. Kirk Hewitt had a leap of 5.31 meters in the Long jump for third spot, he came 4th in the triple jump with 11.92 meters and also placed third in the 400 meter hurdles in a time of 61.0 his best 1 time ever. Henrietta Vanlieshout placed 2nd in the 1500 meter walk in the time of 11.22.8 and came in 4th in the 3000 meters in 12:40.7. Paul Morgan placed 8th in the 5000 meters in 19:29,

This coming Saturday the Zone F Legion Championships for Bantan and Midgets will be held in Peterborough with more than fifteen athletes participating from this area. I'd also like to wish Paul and Kirk luck in Ottawa next week.

o.a.s.a. convenors report

Appointment

WIM MAGEE

Provincial Constable Wim Magee, 26, a six-year veteran of the OPP Minden detachment has been appointed one of 96 OPP Community Services Officers.

The force's new Community Service began July 1 and is intended to intensify the force's efforts at preventing crime by educating the public on home, property and personal protection. The province-wide program is also intended to provide more personal contact between police officers and the citizens they serve.

Officer Magee is married and lives in Haliburton.

Since the start of the program he has been visiting area businesses and speaking to various groups as well as working with the local newspapers.

'The whole idea of our program,' said OPP Corporal Herman Meyer, provincial co-ordinator of the crime prevention program, 'is to get people involved with us, explain to them how we're trying to help them and how they can help us, to combine all resources in a community to try and keep crime down to a minimum. Leading off the OPP's new program will be a special film, 'ACCESS', to be seen on Channels 3 and 12, Thursday, July 25 at 10 p.m. The film has been produced by the O.P.P. Community Services Branch.

Glamorgan Council meets

The regular July meeting was held on the 2nd at 7:00 pm in Council Chambers with the Reeve Robert Fothingham in the chair, all members were present. Visitors were, Mr and Mrs George Mac Duff, Mr. Janson, James E Dewey, Glen Billing and Ross Cameron representing the Gooderham Girl's Softball Team.

Moved by Glen Bird, Seconded by Larry Hunter, That the minutes of the June meeting be adopted as circulated.

ABOUT THE TOWN

with Jeanne Sears

Sincere sympathy to the family and friends of the late Bill Rattu whose funeral was since last week.

Last chance for youngsters of Haliburton and Wilberforce - get their free tickets for the Puppet Shows next Saturday afternoon; this is part of the Haliburton County Public Libraries' Centennial Project.

Lois Decon returns this weekend after a twelve-day trip with the Young Voyageurs and included visits to Ottawa, Vancouver and Prince George.

Carnivals are the order of the day with Haliburton Legion on 24th Minden July 31 and Haliburton Aug.7th. All are mentioning Centennial Costumes and floats. This is when the crowds gather and you can really see how many people are in the County.

In spite of all the warnings every summer there are more accidental drownings. There are many ways you can swim safely most young people have taken Red Cross Swimming Classes and learn the rules of safety. We often see people in boats on our River not wearing life-jackets we wonder if they have one handy for each passenger?

The new Curator of Minden W.I. Tweed smuir Book, Mrs Wallace Walker is interested in getting any Histories of Pioneer Families in this area. Pictures also make the story so if you have any you would like in this Book you might either give or lend them to her so copies could be made. We often have people making inquiries into their families and this History now in two volumes, is ready for anyone to read at Minden Library where these are kept. Also in a fire-proof box at this same library are the Minute Books of Minden Womens Institute. However there is not a complete set of Minute Books and we wonder where the missing books are stored.

It is hoped that gardens will be getting along well, so that the produce be on display at Minden Agricultural Fair. We know ladies are busy making their articles so that the exhibits will be excellent. If everyone enters articles then there will a great Show for Minden Centennial Fair.

Wednesday evening was very enjoyable at the United Church Hall for the Centennial Garden Party. Musical numbers were the Choir of Old time songs and many people appeared in Old-Fashion Costumes. The ladies thank anyone who helped in any way to make this such a success.

Hint of the week--When you water your flowers or plants use luke-warm water, cold water is not best but helps somewhat.

The Canoe Races again will be part of the Minden Rotary Carnival July 31st for ths Stinson Trophy. That evening the crowd will line the river to see this just before the Parade comes along.

Everyone should be especially careful at the moment as our bush areas are really dry. If you are camping be sure your fire is really out, it should be made near water, and douse it with water and stir it well so all the coals are really wet.

Corinne Flemming and Louise are away this week for a visit with Miss Catherine Fleming of St. Catherines.

Mr and Mrs Hollefeund and a friend of Windsor visited friends and relatives in the area over theweekend.

Miss Charlotte Webber of Hamilton and friends are holidaying at her cottage on Horeshoe Lake.

Next Monday's Live Theatre at Haliburton High School Auditorium is another comedy, Arsenic and Old Lace-one of my favourites and time is 8:30, hope Ican fine a way to get up to see this.

The Servers of St. Pauls Anglican Church are going for several days on a Canoe Trip under direction of Student Assistant Gerry Brodie.

There has been a good crowd attending meetings of Centennial Group of Alcholics Annonymous at Parish Hall Fridays at 9.00 p.m. Everyone welcome.

Fifteen of the twenty five members of the newly-formed Girls Guild enjoyed a Canoe trip with Sisters visiting this parish.

Mr and Mrs Alan Brysdon and family of Bracebridge visited her parents Mr and Mrs Bill Moore.

Muriel Ewing and Ron Joyce of Toronto were weekend guests with Mr and Mrs M. Sears and Sandra and Chris and Scott returned home with them after their holiday with their grandparents.

Congratulations to Elizabeth Taylor of Willowdale who won Second Snowball of $135- in 23 numbers called at Minden Rotary Bingo last Thursday night.

Twenty girls from Camp Gay Venture were at St. Puls on Sunday morning to sing the American Folk Mass for the congregation.

Sister Michael, Anne Mary and Renee of St. Michaels Convent in Oakville have been visiting this Parish for several weeks. They have conducted Services at the Three Churches in the Parish, at Camps nearby and also at Hyland Crest Senior Citizens Home.

It has been great having weather as well as for visitors and all must be enjoying a great time in our County.

Cheerio until next week.

TODAY'S HEALTH

Stress can be handled if you learn to relax

by David Woods

Some weeks ago the normally placid U.S. Secretary of State, Henry Kissinger, erupted in an emotional outburst at a press conference in Salzburg, Austria.

According to an Ontario psychiatrist, Kissinger was probably reacting classically to intolerable stress—blowing up.

The textbooks define stress as any condition that makes the body mobilize its resources and burn more than normal energy. This can happen with overwork, prolonged exposure to heat or cold, or severe pain.

One of the world's authorities on stress, Dr. Hans Selye of Montreal, believes that a certain amount of stress is an essential ingredient of life; but unduly prolonged or unnecessary stress is a major contributor to physical disease.

Stress starts out with what the psychiatrists call an alarm reaction — sweating, increased heart rate, insomnia, irrational fears. Then comes a resistance phase in which the individual depletes his emotional resources by trying to endure stress.

So it is a condition that, in a sense, builds on itself. Tranquilizers may help, but they tend to mask the problem rather than cure it.

The real solution, according to a Ministry of Health psychiatrist, is to learn how, when and where to find enjoyable recreation and relaxation.

Stress, he says, is a part of life for all of us; everyone encounters a measure of stress when performing some task like public speaking, taking an exam, keeping an appointment, or wrestling with rush-hour traffic.

Certain types of occupation have stress built into them; professional sport, the armed services, construction, transportation and management are examples. Even having no job at all—in retirement, as well as in periods of unemployment — can also be stressful.

But stress is mainly related to personality; some people are prone to it, some can cope with it better than others.

The stress-prone individual is likely to be perfectionistic, ambitious, worrying, conscientious, a slave to the puritan work ethic. If he's an executive, he's liable to work all hours, to feel indispensable —and be unable to delegate authority.

Such people are unable to let go, to develop meaningful patterns of leisure.

The answer is to take stock once in a while; know your own needs and limitations; develop counterweights to stress such as hobbies, sports, or 'getting away from it all' holidays—even for a long weekend. As the saying goes, all work and no play makes Jack a dull boy. It also makes him a tense one.

And, if you are under stress, don't be afraid to talk it out with someone. Dialogue — with a doctor, a friend, a relative — is a useful part of therapy. It'll help you pin down the unnecessary stresses in your life, and do something to avoid them or get rid of them. Without swallowing drugs, bashing the kids—or holding a press conference.

Man is that irrational creature who is always looking for home atmosphere in a motel, and hotel service around the home. — Healthways Magazine

Minden Recreation Committee meet

The Seventh Meeting of the Minden Recreation Committee

Thursday, July 11, 1974
Commencement 7:30 pm.
Adjournment 9:05
Norman Harrison, Chairman

THE washday ADVICE BUREAU

There are several ways in which the underarm area of a garment can become stained. Some of these stains can be easily removed with prompt treatment, some are permanent because chemical changes have taken place in the dyes or fabric finishes.

Underarm stains need not be permanent

WITH the approach of summer, the Washday Advice Bureau's mail contains more letters about underarm stains than almost any other subject.

There are several ways in which the underarm area of a garment can become stained. Some of these stains can be easily removed with prompt treatment, some are permanent because chemical changes have taken place in the dyes or fabric finishes. These latter are almost always irreversible. The treatments below are recommended only for washable fabrics.

For fresh underarm stains due to perspiration alone: these can usually be treated successfully if tackled right away. Presoak the garment in warm water with a half cup of a borax-based bleach substitute such as Borateem-Plus for at least 30 minutes. Drain the water after soaking and wash as usual, adding another ½ cup of the same product to your detergent.

For old stains due to perspiration alone, or for stains caused by deodorant, pretreat stain by wetting, sprinkling on a borax-based bleach substitute liberally and scrubbing gently with a nailbrush. Leave to stand for about 10 minutes, then wash as usual, adding a cup of Borateem-Plus to your favorite detergent.

Deodorants can cause chemical changes by reacting with the dyes in garments. These will usually result in discolouration in the underarm area. This problem can often be avoided by using the deodorant before dressing and allowing 5 - 10 minutes for it to dry, preventing the wet deodorant from coming into direct contact with garments.

Another tricky area to keep bright and white is the underarm portion of the bra, which all too frequently acquires a dingy, grey look from deodorants, not from body soil. This is a situation where it is impossible to use chlorine bleach, because it tends to destroy stretch straps and inserts — so much a part of today's more comfortable inner fashions.

Here is a job again for the borax-based bleach substitute which brings cleaning power to the job but won't damage the spandex and stretch portions of a bra. The best treatment is to dampen the soiled areas, rub in a liberal amount of bleach substitute and leave to stand for at least a half hour. Repeat the treatment if necessary (if stains are old or heavy) then launder as you normally would, adding the recommended amount of the bleach substitute product along with your detergent.

For a free booklet on laundry techniques, or if you have a specific laundry problem, write to: The Washday Advice Bureau, 151 Bloor Street West, Ste. 1100, Toronto, Ontario M5S 1S8.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

A quiet, diffident boy, Marty, almost eight, needs love and reassurance. Unhappy experiences, before he came into the care of the Children's Aid Society have left him without confidence in himself. He should blossom in the warm, encouraging atmosphere of a family which he knows is his very own.

Marty is Anglo-Saxon in descent, good-looking and slightly built with lovely brown eyes, blonde wavy hair, fair skin and a dimple in his chin. He is in good health. A slight speech defect is gradually improving without therapy. He is not difficult to understand.

Going into Grade two, Marty is at least average in ability. He tries hard to do his best in whatever he attempts. Pleasant, polite, well behaved, Marty is talkative when with people he knows. He enjoys attention but does not seek it.

Like most small boys, Marty plays a lot with cars and trucks. He takes them apart and since he has a good deal of manual dexterity and understands how many things work, he also puts them together again. Marty loves to help his foster father fix things around the house. He is fond of skating and likes the water though he hasn't yet learned to swim.

Lovable young Marty needs a home where he will be the only child or the youngest by several years and where the mother and father will want to spend a great deal of time with their son.

To inquire about adopting Marty, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

A Tribute to Johnny Mooring

The Kawartha Lakes-Ontario Open Fiddle and Step Dance Contests will honour the memory of one of Canada's best loved fiddlers.

The tragic and untimely death earlier this year of Johnny Mooring of Springhill, N.S., will be marked by the presentation of the Johnny Mooring Trophy by Johnny's sister, Mrs. Muriel Ross, of his home town.

The trophy will be awarded to the youngest player receiving the highest marks under the age of 19 years.

Murial is famous for her step dancing on the Don Messer Show, and has promised to bring her dancing shoes with her in honour of her brother.

The Fiddle and Step Dance Contests are being held in Bobcaygeon on July 26 and 27 from 1 p.m. each day.

HE'S PLEASANT & POLITE

Walter Safety says, "Wear a government-approved life-jacket when water skiing. The law says—have a lookout man in your tow-boat and ski only from sunrise to one hour after sunset."

THEN & NOW

BY WALTER NOICE

The dictionary gives the following definition for the word- A word meaning the condition of being swollen. An Abnormal expansion of prices.

In the 1890's the Ontario Department of Public works were erecting dams on the main waterways throughout the county to control the waters feeding into the new canal system being built known as Trent Valley Canal..

Quite a large number of men were employed on the projects and Edward Noice's store supplied materials and tools such as shovels, rakes, nails, lanterns, coal-oil etc. and much of the food for the workmen.

The first entry that I have recorded for the Department is

Tuesday Sept. 19th 1893
Department of Public Works

53 lbs. Bacon @ 12 1/2 ¢	6.63
1 lantern	.60
	7.23

September 28th

53 lbs. Bacon	6.63
20 lbs. Cheese	2.40
20 lbs. Rice	1.00
2 Soda	.10
100 lbs. Flour	2.10
17 lbs. Sugar	1.00
18 lbs. B. Sugar	1.00
10 lbs. Raisins	.90
9 lbs. Currents	.90
1 Box Matches	.03
1 Lamp Wick	.13
1 Large Tea Pot	.75
	16.94

September 20th 1893
Ont. Dept. OF Public Works

4 shovels @ 75¢	3.00
Less 5%	15.
	$2.85

To give the reader a comparison of prices charged in 1893 and today's prices I submit the following order filled Sept. 28th 1893

To the Ontario Department Of Public Works:

1893 Prices		1974 Prices
6 lbs. Tea	2.40	10.20
34 lbs. Sugar	2.00	10.58
45 lbs. Bacon	5.40	58.05
10 lbs. Raisins	.80	8.97
8 lbs. Currents	.80	8.00
10 lbs. Cheese	1.25	14.90
1 Tin Mustard	.15	.69
20-1/2 lbs. Butter	4.10	17.44
15 lbs. Beans	.34	13.43
	$17.24	$144.26

'I am indebted to a local supermarket for supplying the 1974 prices.

Now, that's what I call 'INFLATION'.
